## AVERAGE POSTAGE PAID IN A YEAR

How much postage can a person with a yearly contract with Texas Home Base expect to pay? Texas Home Base does not charge any extra fees for forwarding or consolidating your mail and will only charge you the amount USPS, UPS, FedEx or DHL charges.

Below you will find averages for a year of postage paid for both domestic and international clients:

<b>Service</b>	<b>Average Domestic Postage Paid</b>	<b>Average International Postage Paid</b>
<b>Weekly</b>	\$156	\$241
<b>Twice A Month</b>	\$103	\$159
<b>Monthly</b>	\$52	\$152

We averaged clients in each category and how much they paid per year to reach these conclusions. Of course some clients pay less and some pay more, depending on how often they want their mail forwarded and how much mail they have received.

Postage prices are subject to change at any time without notice and at the sole discretion of USPS, UPS, FedEx or DHL. We do not have any control over their prices and we do not guarantee that the prices in the chart above are correct for each and every client.

**You will be required refill your Postage Account as needed to pay for postage used for the duration of your contract. You will be notified via email if your account falls below \$10.**
